Tower

Tool Stand

Everything in its place.

Keep your beading tools within reach.

- Comes unequipped. Base, tower and pin. Beading tools are not part of the delivery.

01 — REACH FOR THE SIZE
Turn the stand. Twenty-three boxes, one for every size.

→

02 — WORK
The beading tool comes off the stand, its box stays.

→

03 — BACK IN ITS PLACE
One box per size means one place to put it back.

Technical data.

What it holds

A rotating stand for all 23 BTP boxes plus KoMat, right at the workbench. Part of the Komet ecosystem for stone-setters.

23 boxes

23 BOXES
One box for every size of the BTP | Beading Tool Pro.

HOLDS THE KOMAT, TOO
KoMat has its own place on the stand.

ROTATING
Turn it and the whole system comes within reach.
